Appendix H – Full Size Drawings
NOTES:
1. The proposed total building gross floor area is approximately 200,000 square feet, covering less than one percent of the Property area.
2. Preliminary building heights vary from approximately 14 feet to 85 feet.
3. Areas outside the mill buildings will be surfaced with gravel.
4. Disabled-Accessible and Van-Accessible parking spaces will be paved with asphaltic concrete.
5. Detailed building, exterior lighting and parking designs will be submitted to Montrose County prior to construction.

LEGEND:
- Groundwater Monitoring Well
- Meteorological Tower/ Air Monitoring Station
- Water Supply Production Well
